**GlaceEMR Achieves ICSA Labs 2014 Edition Complete EHR Health IT Certification with all 64 CQMs**

Waterbury CT – June 10, 2013 - Glenwood Systems LLC, GlaceEMR v5.0 has achieved 2014 Edition Complete EHR / Ambulatory \* ONC Health IT Certification, which designates that the software is capable of supporting healthcare providers with Stage 1 and Stage 2 meaningful use measures required to qualify for funding under the American Recovery and Reinvestment Act (ARRA). GlaceEMR v5.0 was certified on June 4, 2013 by [ICSA Labs](#), an Office of the National Coordinator-Authorized Certification Body (ONC-ACB) and is compliant in accordance with the criteria adopted by the Secretary of Health and Human Services (HHS).

“Being first in the country to achieve Complete EHR certification for all 64 CQMs is another in a series of firsts for Glenwood. Earlier this year GlaceEMR led the market with certification for EPCS,” said Glenwood’s Founder, Nat Loganathan, “I attribute our accomplishments to our people, market knowledge and our software development capabilities. We are focused, agile and determined to be the best.”

ICSA Labs, an independent division of Verizon, offers vendor-neutral testing and certification. 2014 Edition ONC Health IT Certification is awarded to those technologies that are capable of meeting the more rigorous testing criteria developed to support providers and hospitals with Stage 2 meaningful use, which focuses on the capability of health IT to deliver higher quality patient care and exchange clinical information securely.

- GlaceEMR v5.0 is completely enabled for Meaningful Use Stage 1 and 2. There are no additional fees required to implement the Complete EHR capabilities.

**About Glenwood**

Glenwood Systems LLC is a privately held software development firm providing web based medical practice software, billing services and custom software solutions to manage clinical documentation, workflow and revenue.

Glenwood Systems LLC emphasizes product excellence, a high level of customer service and exceptional stakeholder value. Founded in 1998, Glenwood Systems has established itself as a first to market leader

offering (EHR) software, practice management, physician billing services and custom software solutions. More information about Glenwood and the Glace family of products can be found at [www.glenwoodsystems.com](http://www.glenwoodsystems.com) or contact [Ron Flormann](#)

### **About ONC Certification**

The ONC Certified HIT Technology program tests and certifies that Health IT technology is capable of meeting the 2014 Edition criteria approved by the Secretary of Health and Human Services (HHS). The certifications include Complete EHRs, which meet all of the 2014 Edition criteria for either eligible provider or hospital technology and EHR Modules, which meet one or more — but not all — of the criteria.

### **About ICSA Labs**

ICSA Labs, an independent division of Verizon, offers third-party testing and certification of security and health IT products, as well as network-connected devices, to measure product compliance, reliability and performance for many of the world's top security vendors. ICSA Labs is an ISO/IEC 17025:2005 accredited and 9001:2008 registered organization. ICSA Labs is NVLAP accredited as a Health IT Test Lab and is also an ONC-Authorized Certification Body (ONC-ACB) accredited by ANSI to ISO/IEC Guide 65. Visit <http://www.icsalabs.com> and <http://www.icsalabs.com/blogs> for more information.
